

Amabam puellam. Ea mihi omnia est.
Amo eam omnium precium. Solum
illam volo, nihil aliud.

Since We Met: Story of Love

I met a girl named MeMe. At first, we were just acquaintances, but over time we developed a close friendship. We would spend hours talking about our interests and dreams, and I found myself becoming more and more attracted to her.

As our friendship grew, I began to see her in a different light. I started to notice her quirks, her smile, and her laugh, and I realized that I had fallen in love with her. I tried to push my feelings aside, knowing that she had just gotten out of a relationship with her ex-boyfriend.

Since We Met: Story of Love

But one day, I couldn't keep my feelings hidden any longer. I mustered up the courage to tell her how I felt, but unfortunately, she didn't feel the same way. I was devastated. Our friendship ended, and I felt like I had lost the most important person in my life.

For months, I couldn't stop thinking about her. I missed her terribly and regretted confessing my love to her. I thought I had ruined our friendship forever.

Since We Met: Story of Love

Then one day, out of the blue, Meme reached out to me. She apologized for the way things ended between us and said that she missed our friendship. We started talking again, and it was like we had never stopped.

But things were different. Meme was still with her ex-boyfriend, and I couldn't help but feel jealous and hurt every time she mentioned him. I tried to be supportive and put my own feelings aside, but it was difficult.

Since We Met: Story of Love

Despite everything, my love for Meme never faded. I still loved her with all my heart, and I couldn't imagine my life without her. She was my best friend and the person I cared about the most in the world.

I knew that our relationship could never be romantic, but I was willing to accept that if it meant I could still be a part of her life. Even if it meant watching her be with someone else, I was willing to be there for her no matter what.

Since We Met: Story of Love

And so, my love story with Meme continues. I still love her as much as ever, and I always will. She may never be mine in the way that I want her to be, but that doesn't change the way I feel about her. She will always hold a special place in my heart, and I will always be there for her whenever she needs me.

Days turned into weeks and weeks turned into months, yet my love for MeMe never faded away. Though we talked sporadically due to her busy schedule with her boyfriend, I did everything I could to make her happy when we did speak.

Since We Met: Story of Love

I would send her funny memes, share interesting articles, and ask her how her day went. I even surprised her with a thoughtful birthday gift that she had mentioned in passing months ago. Despite not being in a romantic relationship with her, I felt a sense of fulfillment knowing that I could still bring a smile to her face.

As time went on, our conversations became more infrequent. MeMe's life with her boyfriend seemed to be taking up most of her time and attention. Though it pained me to see her drift further away, I never lost hope that our friendship would one day be as strong as it once was.

Since We Met: Story of Love

Then, out of the blue, I received a call from MeMe. She was in tears and needed someone to talk to. Without hesitation, I listened to her vent about the challenges she was facing in her relationship. I provided her with a listening ear and some much-needed support.

In that moment, I realized that my love for MeMe went beyond just wanting to be in a romantic relationship with her. I loved her unconditionally as a friend and wanted nothing more than to see her happy. I promised her that I would always be there for her, no matter what.

Since We Met: Story of Love

Months went by, and MeMe and her boyfriend eventually broke up.

Though I was there for her throughout the process, I made sure to give her the space and time she needed to heal.

When MeMe was ready to reconnect with me, I was ecstatic. We talked more regularly than we had in months, and it felt like our friendship was stronger than ever before.

Though my love for her still burned strong, I knew that our friendship was more important than anything else.

Since We Met: Story of Love

In conclusion, my love story with MeMe may not have been a traditional one, but it taught me the true meaning of love and friendship. I learned that love isn't always about being in a romantic relationship, but rather, it's about caring for someone unconditionally and wanting the best for them. I will always cherish my friendship with MeMe and continue to support her in whatever way I can.

Since We Met: Story of Love

It's been 2.5 years since I fell in love with Meme, and I still love her just as much as I did back then. It's hard to explain why I feel this way about her, but there's just something about her that draws me in.

Despite the fact that we can't be together romantically, Meme and I still talk regularly. We catch up on each other's lives, talk about our shared interests, and reminisce about old times. It's always a joy to hear from her, but it's also painful because I know that I can never have her in the way that I want.

Since We Met: Story of Love

Sometimes I wonder what would happen if I told her how I still feel about her. Would she be open to giving me a chance, or would it ruin our friendship? The thought of losing her as a friend scares me, so I haven't worked up the courage to tell her how I feel.

I've tried to move on and date other people, but no one has ever made me feel the way that Meme does. It's frustrating because I know that I can't force her to love me, but my heart still yearns for her.

Since We Met: Story of Love

There are times when I feel like I'm in a never-ending cycle of loving her, being rejected, and trying to move on. But then I remind myself that there's a reason why she's in my life, even if it's not in the way that I want her to be. I'm grateful for her friendship, and I know that she cares about me too.

In the end, I just take things day by day and cherish the moments that I have with Meme. Who knows what the future holds, but for now, I'm content with just being her friend and continuing to love her from afar.

Since We Met: Story of Love

It has been a long and difficult journey. I fell in love with this girl, and I thought she felt the same way. We became best friends, and I was always there for her, no matter what.

But then, when I finally mustered up the courage to tell her how I felt, she didn't feel the same way. It was like a punch to the gut. I was devastated, heartbroken, and lost. I didn't know what to do.

Since We Met: Story of Love

For a while, I tried to move on. I tried to forget about her, but I just couldn't. My heart was still so full of love for her. I wanted to be with her more than anything.

And that's when the depression set in. I couldn't shake the feeling of failure and rejection. I felt like I wasn't good enough, like I wasn't worthy of love. It was a dark time, and I didn't know how to get out of it.

Since We Met: Story of Love

There were moments when I even considered ending my own life. But then I thought about my goal. I thought about the future I wanted, and the life I wanted to live. I knew that I couldn't give up on that, no matter how hard things got.

So, I decided to keep going. I decided to keep fighting for the girl I loved, no matter how difficult it might be. And even though it's been a tough road, I haven't given up.

Since We Met: Story of Love

I know that my love for her is strong, and that someday, somehow, things will work out. I'm willing to wait, to be patient, and to keep trying. I'm not going to let my depression or suicidal thoughts stop me from achieving my dreams.

Since We Met: Story of Love

In my heart, a flame burns bright, A love
that never fades from sight. It burns with
the intensity of the sun, A love that cannot
be undone.

Meme, you are the one I adore, The one I
long to hold forevermore. My heart beats
with the rhythm of your name, A love that
sets my soul aflame.

Though you may not feel the same, My love
for you will never wane. It is a flame that
will never die, A love that will never say
goodbye.

For in my heart, you hold the key, The only
one who can set me free. Meme, I will always
love you so, And never let your love go.

Since We Met: Story of Love

If you're going through a similar situation, please know that you're not alone. It's okay to feel sad, to feel rejected, and to feel lost. But it's important to reach out for help and support, and to keep fighting for what you want. Love is worth the effort, and it's worth the pain. Keep going, and don't give up on yourself or on love.

Summary.

The story is about a person who falls in love with his best friend, Meme. Meme, however, is still in love with her ex-boyfriend and cannot reciprocate the protagonist's feelings. Despite this, the protagonist continues to love Meme and tries to maintain their friendship. The protagonist becomes depressed but is able to find strength to carry on with his life by focusing on his goals. The story ends with the protagonist still loving Meme.

What I'm Doing

Well, I wouldn't say that I'm anything special, but I do try to live my life with a few key virtues in mind. Patience is definitely one of my strengths. I've learned over time that good things often take time, and rushing into things can sometimes have negative consequences. That's why I've been able to maintain a friendship with Meme, even though I still have feelings for her. I don't want to push her or make her feel uncomfortable, so I've been patient and let things develop naturally.

Another virtue that I think I possess is perseverance. When things have gotten tough in the past, I've always tried to keep pushing forward and not give up on my goals. This was especially important when I was struggling with depression and feeling like there was no hope. But even then, I knew that I had things I wanted to accomplish and that I couldn't let my negative thoughts get in the way. So I kept working towards my goals, and eventually, things started to get better.

Finally, I think that one of my strengths is my ability to empathize with others. I try to put myself in other people's shoes and understand their perspectives, even if I don't always agree with them. I think this has helped me to be a good friend to Meme, because I can understand how she feels even if I wish things were different. Overall, I try to live my life with patience, perseverance, and empathy, and I think these virtues have served me well.

My Respect to Her

I have an immense amount of respect for Meme. Not only do I love her, but she has also become one of my closest friends. She trusts me more than anyone else in the world, and I take that trust very seriously. I know that she has confided in me with things that she might not tell anyone else, and I feel honored that she feels comfortable enough to share those things with me.

Because of her trust, I make sure to always be honest with her and never betray her confidence. If she asks me for advice or a listening ear, I try to be there for her to the best of my ability. I never want to take her trust for granted or do anything that could jeopardize our friendship.

I respect Meme not just for the trust that she's placed in me, but also for the person that she is. She's intelligent, kind, and has a strong sense of empathy for others. Even though she's in a relationship with someone else, I still value her friendship and the connection that we have. I know that I may never be able to have a romantic relationship with her, but I will always be grateful for the trust and respect that we have for each other.

What is Love

Based on my experience, I believe that true love is about more than just romance and physical attraction. It's about accepting and caring for someone, flaws and all, even if they don't feel the same way about you. It's about being patient, understanding, and respectful of their feelings and needs, even if it means putting your own desires aside. In my case, I love Meme deeply, but I know that she doesn't feel the same way about me. And while it's been hard to accept that fact, I also know that my love for her doesn't have to be romantic in order to be real. I can still care about her, support her, and be there for her as a friend, even if we can't be together in the way that I might want.

To me, true love is about being selfless, and doing what's best for the person you care about, even if it means sacrificing your own happiness. It's about wanting the best for them, even if that means they end up with someone else. Ultimately, I believe that true love is about putting the other person first, and accepting them for who they are, regardless of how they feel about you.

My Advise before loving someone

If I could give any advice to someone considering entering into a romantic relationship, it would be to make sure that you never love someone more than you love yourself. While love can be a wonderful and transformative experience, it can also be all-consuming, and it's important to maintain a sense of self and personal identity throughout the relationship. I learned this lesson the hard way. When I fell in love with Meme, I became so consumed by my feelings for her that I forgot to take care of myself. I put all of mine into trying to make her happy, without considering my own needs and desires. This ultimately led to a lot of heartbreak and emotional turmoil. So, my advice to anyone considering entering into a romantic relationship is to make sure that you're taking care of yourself first. Love should be a mutually beneficial experience, where both partners feel happy and fulfilled. If you find that you're sacrificing too much of yourself for the sake of the relationship, it may be time to reevaluate whether it's really worth it. Love should never come at the expense of your own happiness and well-being.
